What We Offer

Technology

A critical tool in the times we live in, it is important that our students learn how to research homework assignments, type papers, and much more.

Each child will be assigned to a computer station and a tablet that they will have access to for the fiscal school year.

Performing Arts

Our arts program offers a variety of dance techniques such as ballet, jazz, and more.

We also offer digital studio music for students who desire to learn how to create their own music, sound, etc.

After-school Tutoring

Qualified staff will work with your child to help achieve their educational goals.

Our Mission

Grand Academy is a Christian school here to serve the needs of children and families. Our mission is to create long term educational success while creating great childhood memories that will last a lifetime!

What We Will Do

- We will teach until your child understands their class work and assignments.
- We will make sure your child is doing their very best by having creative incentives as a reward.
- We will provide your child with the highest level of academic excellence in a loving, Christian environment.
